# WASEEM SHOUKAT

## COMPUTER SCIENCE STUDENT | SOFTWARE DEVELOPMENT INTERN CANDIDATE

Pakistan | 03297984133 | waseemshoukat043@gmail.com | GitHub Profile

## PROFESSIONAL SUMMARY

Beginner-level Computer Science student with a developing foundation in web and mobile application development. Has hands-on academic project experience with React, JavaScript, Node.js, Express.js, Flutter, and database technologies. Eager to learn from experienced developers, strengthen software engineering practices, and contribute to practical development projects through an internship.

## EDUCATION

### Bachelor of Science in Computer Science (BSCS)

COMSATS University Islamabad – Vehari Campus | 6th Semester | Expected Graduation: 2027

## TECHNICAL SKILLS

| | |
|---|---|
| **Frontend** | HTML, CSS, JavaScript, React.js |
| **Backend** | Node.js, Express.js, REST API fundamentals |
| **Mobile** | Flutter, Dart (beginner-level) |
| **Databases** | MongoDB, Supabase; introductory database concepts |
| **Tools** | Visual Studio Code, Git, GitHub, Postman |

## SELECTED ACADEMIC & PERSONAL PROJECTS

### File Sharing Web Application

Node.js, Express.js, Multer, HTML, CSS

- Built an application that supports file uploads, displays uploaded files, and provides download functionality.
- Used Multer for handling uploads and Express routes for file listing and downloads.

### React Kanban Task Management Application

React.js, JavaScript, Express.js

- Developed a task-board interface organized into To Do, In Progress, and Done columns.
- Practiced component-based UI development, state management, and API integration.

### Task Manager Mobile Application

Flutter, Dart

- Worked on a mobile task-management app with task creation, editing, deletion, and completion features.
- Explored local data storage and light/dark theme support.

### Smart Inventory and Automated Demand Forecasting System

Academic Final Year Project concept

- Developing an academic project concept focused on inventory tracking and automated demand forecasting.

## CORE STRENGTHS

Willingness to learn • Problem-solving mindset • Adaptability • Team collaboration • Time management
